Karen Peebles
Chair

Mark Donnelly
Vice Chair

The meeting was called to order by Chair, Karen Peebles, and the report of the February 2024 meeting was approved.

The committee reviewed proposed revisions to the NYSAR committee structure. The group agreed that shortening the meetings was needed, and that a more comprehensive virtual training will be offered to not only chairs and vice chairs, but local leaders as well. This will allow for shortening the onsite leadership program. Other approved changes are offering the Safety Forum virtually only.

A motion was approved to sunset the Housing Opportunities Committee.

A motion was approved to sunset the Communications, Marketing & Technology Forum.

A motion was approved to change the Diversity, Equity & Inclusion Committee to a forum.

A motion was approved to remove the regional appointments from NYSAR committees with the exception of the Nominating Committee.

With no other business, the meeting was adjourned.
